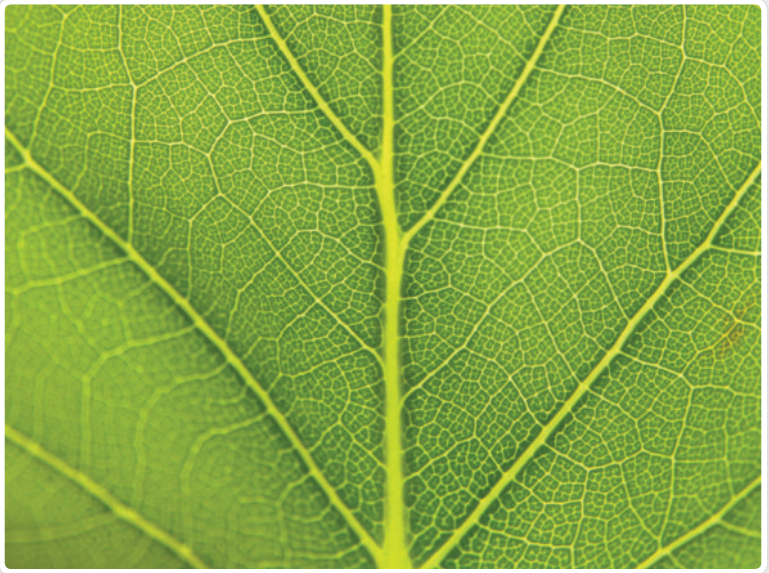
DISHWASHERS 2010

ALWAYS INNOVATING. NEVER COMPROMISING.

Whirlpool Corporation World Headquarters in Benton Harbor, MI, U.S.A.



Whirlpool brand appliances are designed to give you the unmatched efficiency and performance that makes us the time-tested leader in the industry. Our appliances demonstrate our passion for innovation through advanced technology and intuitive design. With nearly 100 years of appliance experience, we're devoted to our ongoing pursuit of perfection.

Our dishwashers offer consistent cleaning, larger capacity and the industry's best resource efficiency, so you can clean even more dishes in fewer loads while saving money on utility bills.

Habitat for Humanity®

Since 1999 Whirlpool Corporation has donated a range and an ENERGY STAR® qualified refrigerator to every new Habitat home built in North America. Together, we can eliminate substandard housing, one family at a time. Join us.

Many Whirlpool Corporation products are proudly assembled in the U.S.A. Whirlpool Corporation employs more than 20,000 American workers to provide our world-class appliances and exceptional service.

CONSERVATION REALLY IS THIS EASY

Whirlpool brand is leading the way in providing efficient appliances that deliver excellent cleaning results while using less water and less energy. Our commitment to making eco-friendly appliances continues with a full lineup of ENERGY STAR® qualified dishwashers and innovations like the Resource Saver™ wash system and the Eco cycle. Not only that, we're dedicated to providing advanced solutions that save one of the most precious resources—your time.

HOW RESOURCE SAVER™ DISHWASHERS SAVE

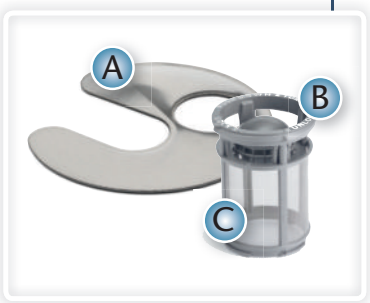
Resource Saver™ dishwasher

RESOURCE SAVER™ WASH SYSTEM

Dishwashers with this system feature spray arms equipped with specially designed pressurized nozzles that provide focused cleaning to every dish. These fan-shaped jets distribute cleaning power more efficiently, saving more water and energy than ever before.

POWERSCOUR™ OPTION

This smart cleaning option uses 36 targeted spray jets in a designated wash area to tackle your toughest dishes without using an additional drop of water.



FILTRATION

The three-stage filtration system in a Resource Saver™ dishwasher strains water through a filter plate (A), coarse filter (B) and fine mesh filter (C) to remove food particles and other soils.

This unparalleled filtration system is essential to providing an outstanding clean while using less water and energy.

RESOURCE SAVER™ WASH SYSTEM

Resource Saver™ dishwasher

Deep cleans a full load of dishes using ⅓ less water and energy.* These dishwashers exceed ENERGY STAR® guidelines with an eco-friendly CEE Tier I** qualification making Whirlpool Gold® dishwashers with the Resource Saver™ wash system our most efficient ever. (Learn how it works on page 5.)

POWERSCOUR™ OPTION

PowerScour™

Targeted spray jets scour away baked-on food without soaking or scrubbing. The PowerScour™ option uses 36 spray jets and a designated wash area to tackle your toughest dishes without using an additional drop of water. No scrubbing by hand. No more dishes soaking in the sink.

*Compared to dishwashers manufactured before 2000. **The CEE Tier system is based on the Consortium for Energy Efficiency qualified product listings.

WHIRLPOOL GOLD® DISHWASHER INNOVATION

FULLY INTEGRATED CONTROLS

Get the ultimate integration of style and function. Fully integrated electronic controls add a modern accent to your kitchen. The control panel is hidden away to provide a sleek exterior while preventing unwanted cycle changes or accidental operation.

ANYWARE™ PLUS SILVERWARE BASKET

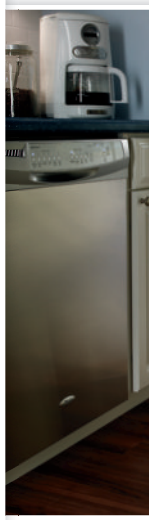
Designed to fit in three places for maximum flexibility. Put it on the front of the rack or in the door for 100% usable rack space, or use it in the bottom rack.

NOTE: Not all features are available on all models.

WHIRLPOOL GOLD® DISHWASHER FEATURES

30 DAY
MONEY BACK
CLEAN & QUIET
GUARANTEE

All Whirlpool Gold® dishwashers are guaranteed to clean better and operate more quietly than your previous model. If you are not satisfied, Whirlpool Corporation will take it back and refund the full price.* Learn more at whirlpool.com.



*Must be returned within 30 days of the purchase date.

Model: GU2475XTVY

NYLON DISH RACKS

Durable nylon rack coating resists rust and helps prevent scratching. These long-lasting nylon racks stand the test of time and help keep dishes from being chipped.

QUIET PARTNER™ SOUND PACKAGES

Whirlpool brand dishwashers offer many levels of sound-reducing insulation. The Quiet Partner™ V sound package minimizes dishwasher noise for our quietest dishwashers ever.

GLASS XPRESS™ & SPEED WASH CYCLES

Wash glassware or lightly soiled items in just 30 minutes with the Glass Xpress™ cycle. When you need clean dishes in a hurry, use the Speed Wash cycle and run a full load in just one hour—less than half the time of other wash cycles.

ADAPTIVE WASH CYCLE

Uses dual sensors to determine the size of the load and the dirtiness of the dishes. It automatically selects the appropriate cleaning level and cycle duration to save both time and water.

EZ-2-LIFT™ ADJUSTABLE UPPER RACK

Easily adjust the upper rack 2" up or down to fit larger items in the lower or the upper rack.

NSF CERTIFIED SANI RINSE OPTION

Makes sure dishes are thoroughly disinfected with a high temperature rinse. This option is certified by NSF International for sanitization, eliminating 99.999% of food soil bacteria.

TALL TUB DESIGN

Lets you load tall and odd-shaped items in both racks. An additional 3" of interior space compared to standard tub models makes room for extra-large items in the lower rack and plates or sports bottles in the upper rack.

FEWEST REPAIRS

Whirlpool® dishwashers are designed to endure repeated use so you can save money on maintenance and repairs. No one has fewer dishwasher repairs 13 years in a row.**

**According to a leading consumer magazine.
NOTE: Not all features are available on all models.

NO ONE HAS FEWER REPAIRS 13 YEARS IN A ROW**

Whirlpool® dishwashers are designed to endure repeated use so you can save money on maintenance and repairs. No one has fewer dishwasher repairs 13 years in a row.**

AVAILABLE COLORS

Q | White

B | Black

T | Biscuit

S | Stainless Steel

Y | Monochromatic Stainless Steel

*The CEE Tier system is based on the Consortium for Energy Efficiency qualified product listings.
**According to a leading consumer magazine.

Complete product specifications can be found on pages 24–25.

ENERGY STAR® QUALIFICATION

Whirlpool® dishwashers exceed government standards to help conserve natural resources and save money on utility bills. Models DU1010XTX and DU1030XTX surpass ENERGY STAR® qualification with an eco-friendly CEE Tier I* rating—no dishwashers are more efficient.**

ECO CYCLE

This cycle on select models helps save money on energy bills and is our most efficient dishwasher cycle.† It's great for cleaning lightly to moderately soiled dishes.

*The CEE Tier system is based on the Consortium for Energy Efficiency qualified product listings.
**Based on ENERGY STAR® qualifications among leading dishwasher brands MSRP $399 and below. †Available on Whirlpool® models $399 and below.

WHIRLPOOL® DISHWASHER INNOVATION

TALL TUB DESIGN

Lets you load tall and odd-shaped items in both racks. An additional 3" of interior space compared to standard tub models makes room for even more extra-large pans and dishes. Select models feature the tallest tubs available among leading dishwasher brands MSRP $399 and below.

1-HOUR WASH CYCLE

Delivers great wash performance in nearly half the time.†† This hour-long cycle lets you thoroughly clean your dirtiest dishes when you are in a rush.

††Compared to normal cycle with lightly soiled loads.
NOTE: Not all features are available on all models.

WHIRLPOOL® DISHWASHER FEATURES

NO ONE HAS FEWER REPAIRS 13 YEARS IN A ROW*

Whirlpool® dishwashers are designed to endure repeated use so you can save money on maintenance and repairs. No one has fewer dishwasher repairs 13 years in a row.*

*According to a leading consumer magazine.

ANYWARE™ PLUS SILVERWARE BASKET

Designed to fit in three places for maximum flexibility. Put it on the front of the rack or in the door for 100% usable rack space, or use it in the bottom rack.

NYLON DISH RACKS

Durable nylon rack coating resists rust and helps prevent scratching. These long-lasting nylon racks stand the test of time and help keep dishes from being chipped.

QUIET PARTNER™ SOUND PACKAGES

Whirlpool brand dishwashers offer many levels of quiet operation with this system of sound-reducing insulation.

NSF CERTIFIED SANI RINSE OPTION

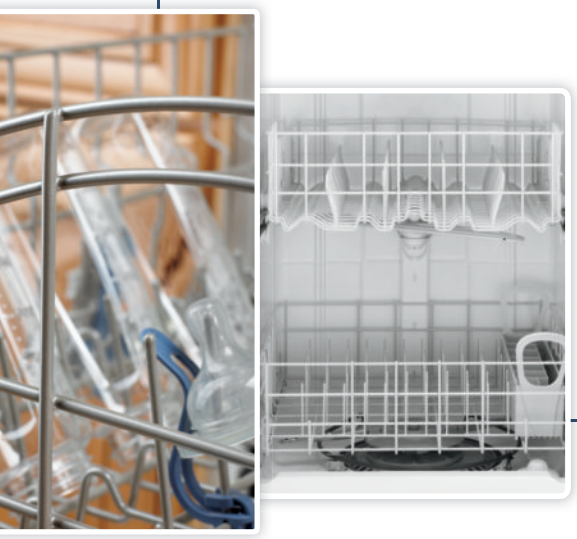
Makes sure dishes are thoroughly disinfected with a high temperature rinse. This option is certified by NSF International for sanitization, eliminating 99.999% of food soil bacteria.

AUTO SOIL SENSOR

Optimizes every cycle for reliable cleaning results. When activated, this sensor measures soil in the wash water to determine how dirty dishes are, then adjusts the cycle accordingly. It automatically recalibrates the load after every 250 cycles for maximum performance.

SHEERCLEAN™ DIRECT FEED WASH SYSTEM

Channels water up and out of the back and top of the dishwasher to powerfully clean from four to five different angles. The filter keeps wash water clean and delivers sparkling-clean dishes every time. With no cleaning tower in the middle of the tub, there's more room for larger loads of dishes.



NOTE: Not all features are available on all models.

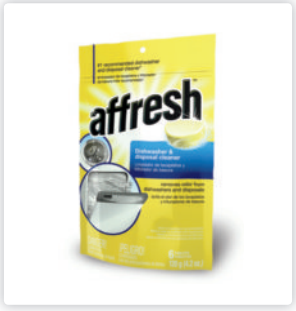
CLEANING & CONVENIENCE

SMALL ITEMS BASKET

Fits all Whirlpool® dishwashers. It holds baby items, jar lids and other small utensils that would normally slip through the dishwasher rack. (3370993RB)



AFFRESH™ DISHWASHER & DISPOSAL CLEANER

Use once a month or as needed for a cleaner, fresher dishwasher and disposal. These innovative tablets help prevent odor and remove stubborn stains. (W10282479)

WHITE DISHWASHER RACK REPAIR KIT

This kit has everything you need to repair your dishwasher rack tines. It contains 150 tine tips, a 4-oz bottle of vinyl touch-up paint/adhesive with a brush and instruction sheet. (4396838RC)

SMALL ITEMS BAG

Holds extra-small utensils, contact cases and other small items that would normally slip through the dishwasher rack. (8519716)

SWIVEL GOOSENECK FITTING

Space-saving 90˚ design makes this ¾" x ⅜" elbow hose fitting perfect for easy dishwasher installation. A ⅜" brass compression fitting is included. (W10273460)

3-PRONG DISHWASHER POWER SUPPLY KIT

This straight, 6' kit fits dishwashers from most major brands and includes a power cord, wire nuts and instructions. (4317824RP)

GLOSSARY

1-Hour Wash cycle
Delivers great wash performance in nearly half the time.* This hour-long cycle lets you thoroughly clean your dirtiest dishes when you are in a rush.

ADA Compliant
Provides adjustable height from 32 1/2" to 34 1/2", making this dishwasher ideal for height constrained installation and compliant with the Americans with Disabilities Act.

Adaptive Wash cycle
Uses dual sensors to determine the size of the load and the soil level of dishes. It automatically selects the appropriate cleaning level and cycle duration to save time, water and energy.

Adjustable upper rack
Manually raise or lower the upper rack to better fit tall or odd-shaped items in either rack.

AnyWare™ Plus silverware basket
Designed to fit in three places for maximum flexibility. Put it on the front of the rack or in the door for 100% usable rack space, or use it in the bottom rack.

Auto soil sensor
Optimizes every cycle for reliable cleaning results. This sensor measures soil in the wash water to determine how dirty dishes are, then adjusts the cycle accordingly. It automatically recalibrates the load after every 250 cycles for maximum performance.

CEE Tier qualification
Based on the Consortium for Energy Efficiency (CEE) qualified product listings, our most efficient dishwashers are rated Tier I. These models feature advanced water and energy savings and may qualify for rebates from local utility companies.

China cycle
Cares for lightly soiled items or china and crystal. During the cycle, the wash action repeatedly pauses for several seconds to allow for adequate soak time and even gentler cleaning.

Clean & Quiet Guarantee
If you are not completely satisfied that your new Whirlpool Gold® dishwasher is quieter and cleans better than your previous model, Whirlpool Corporation will take it back within 30 days of the date of purchase and refund the full price to you.

Clean Touch™ console (Trash Compactor)
Wipes down easily with the simple swipe of a cloth. This console features a smooth surface without dials or switches.

Control lock
Disables buttons on the control pad to help prevent accidental operation or children from starting or stopping the dishwasher.

Cup shelf
Allows you to stack two levels of coffee mugs or to secure delicate glassware when used as a stemware holder during the wash cycle.

Delay Wash option
Wash dishes according to your schedule. This option lets you delay washing for up to 6 hours during off-peak hours when utility rates may be lower.

Easy Rollers™ installation wheels (Trash Compactor)
Helps provide easy maneuverability as the compactor is positioned into place.

Eco cycle
This cycle on select models helps save energy and is our most efficient dishwasher cycle.** It's great for cleaning lightly to moderately soiled dishes.

ENERGY STAR® qualified
Exceeds government standards to help conserve natural resources and save money on utility bills.

EZ-2-Lift™ Adjustable upper rack
Easily adjust the upper rack 2" up or down to fit larger items in either rack.

Fold-down tines
Secures dishes during the wash cycle or can be folded down to create space for larger items.

Fully integrated electronic controls
Add a modern accent to your kitchen. The control panel is hidden away to provide a sleek exterior while preventing unwanted cycle changes or accidental operation.

Glass Xpress™ cycle
Washes glassware or lightly soiled items—like plastic containers, water bottles and lids—in just 30 minutes.

Heated Dry option
Dries dishes thoroughly. Once this option is complete, dishes are ready for storage.

*Compared to normal cycle with lightly soiled loads. **Available on Whirlpool® models $399 and below.

High Temperature Wash option
Choose this option when additional sanitization of items like baby bottles, glassware or dishes is required.

Light item clip/Side clip
Secures lightweight items during the wash cycle and prevents items from falling out of the basket. They also stop cups and other small containers from flipping over and filling with water.

NSF Certified Sani Rinse option
Sanitizes dishes by eliminating 99.999% of food soil bacteria, as certified by NSF International.

Pots & Pans cycle
Provides powerful cleaning for dirty pots and pans by adding extra wash time to the cycle.

PowerScour™ option
Uses 36 targeted spray jets in a designated wash area to scour away baked-on foods without soaking or scrubbing. From casserole dishes to pots and pans, clean a wide variety of items simultaneously—all without using an additional drop of water.

Quiet Partner™ sound packages
Whirlpool brand dishwashers offer many levels of quiet operation with this system of sound-reducing insulation. The Quiet Partner™ V sound package minimizes dishwasher noise for our quietest dishwasher ever.†

Resource Saver™ dishwasher
Deep cleans a full load of dishes using ⅓ less water and energy.†† Provides excellent cleaning first in the upper rack, then the lower, to reduce the amount of water used. With an eco-friendly CEE Tier I qualification, Whirlpool Gold® Resource Saver™ dishwashers are our most efficient ever.

Rinse Only cycle
Gives your dishes a quick refresh. Whether they're brand new or rarely used, dishes come out clean.

SheerClean™ wash system
Channels water up and out of the back and top of the dishwasher to powerfully clean from multiple different angles. The filter keeps wash water clean and delivers sparkling-clean dishes every time.

Slate interior
Reduces the appearance of visible tub stains, wash after wash. Sophisticated slate styling gives the dishwasher an attractive, premium look.

Soak & Scour option
Gently soaks, powerfully cleans and then soaks again to remove tough soils from dishes so you don't have to.

Speed Wash cycle
Perfect when you need clean dishes in a hurry. Run a full cycle in just one hour—that's less than half the time of other wash cycles.

Stainless steel interior
Adds a sleek, smooth texture to the interior of the dishwasher. Stainless steel provides higher heat retention to further improve drying performance, while also offering a high-end look.

Tall Tub design
Allows you to load tall and odd-shaped items in both racks. An additional 3" of interior space compared to standard tub models makes room for extra-large items in the lower rack and plates or sports bottles in the upper rack.

Tilt-away trash basket (Trash Compactor)
Tilts to the right of the compactor, making it easier to unload and clean.

Touch-Toe™ drawer opener (Trash Compactor)
Provides hands-free opening. A light tap of the toe does the trick, releasing the drawer with ease.

†Models GU2800XTV and GU3600XTV. ††Compared to dishwashers manufactured before 2000.

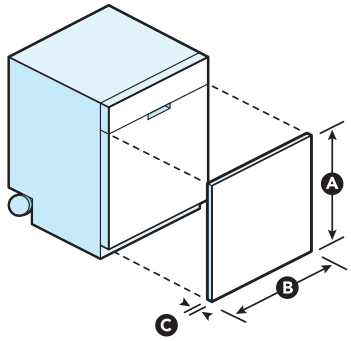
DISHWASHER
CUSTOM PANEL DIMENSIONS

Cutting Notes for Custom Panels:

1. Custom panel for door cannot exceed 8-lb weight.
2. Upper and lower panels are not the same width.
3. Match woodgrain direction with that of adjacent cabinets.
4. Sand panel edges to provide a smooth finish.
5. Use moisture-resistant sealer on sides and edges of panels to protect from humidity. (Dishwasher is subject to humidity.)

4" Console Models:

DU1055XTV, DU1300XTV, GU2275XTV, GU2300XTV, GU2475XTV, GU2800XTV, GU3100XTV and GU3600XTV.



STYLE	HEIGHT (A)	WIDTH (B)	THICKNESS (C)
Frameless 4"	25 29/32"	23⅜"	¾"
Framed 4"	26"	23¼"	¼"

⚠ WARNING

Electrical Shock Hazard
Disconnect electrical power at the fuse box or circuit breaker box before installing dishwasher. Failure to do so can result in death or electrical shock.

Electrical Requirements:

Rated load is 11.0 amps, 120 volts, 60 Hz AC. 15-amp (20-amp max.) circuit required.

When local codes permit, any Whirlpool® dishwasher plus a disposer up to 7.2 amps can be installed on a single 20-amp circuit. Do not use an extension cord.

Water Pressure — 15 to 120 psi.

Recommended incoming water temperature — 120°F minimum.

Listed by Underwriters Laboratories.

DIMENSIONS ARE SHOWN FOR PLANNING PURPOSES ONLY.
For complete information, see Installation Instructions packed with product.

WARRANTY INFORMATION

1-Year Limited Warranty, Parts and Labor

For complete details, please see the Use & Care Guide packed with product, ask your dealer or visit whirlpool.com
